# IN THE WORLD OF MUSIC

## WILL REPEAT TWO FESTIVALS

WINNIPEG, Oct. 29.—So great was the interest taken in the French Canadian folk song festival at Quebec and in the Scottish music festival and Highland gathering at Banff, the Canadian Pacific has decided to repeat both these festivals next year, with the prospect of establishing them as annual gatherings. The folk music competition announced in connection with next year's festival at Quebec has resulted in requests for participation from composers all over the world, with the result that French Canadian melodies are being studied by a great number of musicians.

**Two More Festivals**  
As a further evidence of its desire to promote an interest in folk songs and its associated music throughout Canada, the Canadian Pacific has decided to repeat two additional festivals for 1928. One of these will be a new Canadian folk song and hand-dance festival at Winnipeg in which the immigrant music from northern Europe will be invited to demonstrate the national music of the countries from which they came to western Canada, and to display specimens of hand-dance at which they are so skilled. Midsummer night is associated with folk festivals of nearly every European race, and on that account June has been selected as the most appropriate month for the gathering. The other festival will be devoted to the music and song which place at Vancouver in early fall. Vancouver is a world port notable for the variety of its aircraft with many old-fashioned families with new characters. Other festivals at which the musical spirit is being kindled by the Canadian Pacific Key, conductor of the Mendelssohn choir of Montreal, as musical director of these festivals. Mr. Key will also have supervision of the music at the Canadian Pacific hotels. Mr. Key has made a reputation

## JERITZA RETURNS

A great of activities was Miss Jeritza, the Metropolitan Opera singer, when she returned to New York on the R.R. Pacific from a voyage to Europe. Educated at Polytechnic College, London, the City of London School and the Guild Hall school of Music, he came to Canada in 1914. During the war he served with the 148th (Scottish) Battalion and was transferred to the Canadian Army garrison staff, where he was captain in charge of physical and bagpipe training for the 5th Canadian division. In this position he organized the divisional choir, which has appointed Harold Fawcett Key, conductor of the Mendelssohn choir of Montreal, as musical director of these festivals. Mr. Key will also have supervision of the music at the Canadian Pacific hotels. Mr. Key has made a reputation

All previous bicycle racing events are due to be shattered when the Optimist Big Carnival gets under way next week. A Good Comedy and Many Other Features For Fans

"Stark Love" the super Paramount picture which comes to the Capitol Theatre for a three-day run starting Monday. It is absolutely unobtainable anywhere else. "Stark Love" is a love story and there are mountaineers themselves play the parts and with a realism far beyond the capabilities of any actor. "Stark Love" is the first feature of the Paramount for three days starting Monday.

## Now obtainable in the Perfected Whippet

You can buy the Whippet now, assured that a year from now it will still be the most modern car in its field—and that its resale value will be correspondingly high.

Introduced 17 months ago, it changed all previous standards of light car performance. And constant improvement logically forecasts its continued success.

The developments of the year indicate that other manufacturers must inevitably follow the Whippet's lead. Such advantages as greater gasoline mileage, higher speed, faster pickup, the safety of big 4-wheel brakes, low center of gravity, more legroom, full vision bodies, forced lubrication and modern appearance will be demanded by the public.

The Whippet carries the enthusiastic endorsement of more than 125,000 owners who have put this modern car to the acid test of more than 400,000,000 miles of service. Such proved superiority makes the Whippet in its present form, the logical choice of anyone with a keen sense of automobile values.
